

Edwin A. Povadora Jr.

edwinjr.povadora@bisu.edu.ph ❖ +639274291105 ❖ Tubigon, Bohol

SUMMARY

Highly motivated and devoted Computer Science student with a strong foundation in the area and a passion for programming. I am committed to constantly growing my knowledge and improving my skills to become a skilled software engineer, and I have a thorough understanding of many programming languages and concepts. I aspire to develop unique solutions that fulfill both user requirements and industry standards, with a sharp eye for detail and a problem-solving approach. Seeking a position on a dynamic team where I can apply my technical knowledge and cooperate with specialists to develop cutting-edge software solutions.
